

circular ramps, Sonic catches air and goes into a 360 degree horizontal spin, picking off enemies like a tiny buzz saw. You'll get stuck (ouch!) on Sonic.

***Available June '91.***

## ***Sonic the Hedgehog (Sega)***

He's not the most conspicuous super-hero, afterall he's just a tiny hedgehog. Don't be fooled by that mild mannered exterior, though, 'cause this little fellow's pretty quick on his feet. In fact, he's the fastest video game character in the world! Sonic the Hedgehog's his name and destroying evil at Mach speed is his game. Join this spiny fellow as he embarks on a crazy journey over land and under sea, in search of evil-doing creatures such as Insectoids and Ghoulies. And, just how does he destroy these nasty critters? With his speed, of course. By zipping up

### ***Sonic the Hedgehog by Sega***

**Sonic the Hedgehog (Sega Genesis)** (see Short ProShots) – This game was the consensus fave at the show. Sonic zips, Sonic spins, Sonic moves pretty darn fast. In fact, Sonic the Hedgehog is the fastest ever video game character in a horizontal-scrolling game. Zip Sonic over land and sea, blasting nasty insectoids and ghoulies as fast as you can blink. And check out the maze that rotates 360 degrees – pretty radical stuff! Sonic hits stores in June.
